*why we do what we do . . .*

Anthony's Pronto Kitchen was created in response to rising consumer demand for restaurant quality Italian food conveniently delivered to your home or office. Now, your clients can sit down to a hot meal of made-to-order food professionally catered and presented.

Anthony's Pronto Kitchen specializes in meeting your catering needs with **on time delivery and professional set up at your location.** We use environmentally conscious packaging made from as much as 99% recycled plastics. Both dishwasher and microwave safe, our plates, platters, and bowls can be reused several times, lessening the environmental impact even further. The sturdy construction and superior durability preserves quality in the transport of hot and cold foods.

As in the past, it is my pleasure to assist you with all of your catering needs. Please give me a call or text any time 7 days a week!
